

ANDERSON INNOVATIONS

ES-2000 Ride-On Scraper

Patent # 10273700, #10619365

Technical Data	
Power Supply	Battery, 48 VDC
Drive System	Hydraulic
Motor Size	6 HP
Speed	Up To 150 ft/min
Blade Adjustment	Dual function
Weight	1850 lbs
Seat Height	32"
Length	59.6"
Width	27"
Height (Operating)	44.8"
On Board Charger	110V,20 Amp Output

Design Features

- Smooth operation
- Adjustable control handles
- Dual function hydraulic slide plate
- Very low center of gravity
- Cargo carrier built into rear cover
- Integrated tie downs front and rear
- Patented Forward Slope Technology
- Debris deflector that protects hydraulic cylinder from damage
- 18" Non-marking tires
